HELP STUDENTS DEVELOP THE SKILLS NEEDED TO BUILD A BETTER WORLD

Some of the most successful people in the world share a common aptitude for 21st century skills – they are creative, curious and collaborative problem solvers; they take risks and learn from their failures. These capabilities increase the odds for students to succeed in school, in extracurricular activities, and in future careers. Destination Imagination (DI) helps students build universal skills in areas that will benefit them most, in turn, propelling us all towards a better world.

WHAT IS DESTINATION IMAGINATION?

Destination Imagination is an educational nonprofit that prepares children for a future that is rapidly evolving. DI does this through a project-based experience that applies the creative process across seven different Challenge types – technology, science, engineering, fine arts, improvisation, service learning and early learning – allowing pre-K through university level students to acquire and practice the skills needed to thrive in school, future careers, and beyond.

FIND YOUR TRIBE

Destination Imagination has a global network of more than 38,000 volunteers across almost every U.S. state and more than 30 countries. Whether through virtual connections, in-person Team Manager trainings, or local tournaments, being a Team Manager allows you to connect with a growing network of engaged and passionate individuals who believe in the power of creativity.

As a Team Manager, you will have the opportunity to help foster creativity, curiosity and collaboration as you guide students toward extraordinary solutions and watch their newly-acquired 21st century skills come to life right before your eyes.
